MIDDLE SCHOOL

VISION

At Korematsu, we are a community. Every single person in this community plays an important part, and we don't leave anyone behind. This shows up in the way we talk to each other, how we all participate in different activities, and everything we learn from each other.

PROGRAM HIGHLIGHTS:

1. **Academics:** Korematsu is focused on supporting the academic development of all students. Our teachers offer a rigorous curriculum.
.

2. **Enrichment:** At Korematsu we offer a robust athletics program, and after school drama program, and several after school Clubs. Our band Program is award winning and offers several levels from beginner through highly experienced.

3. **Diversity:** Korematsu has a diverse students body. We believe students can learn and grow from each others life experiences. Our classroom discussions are rewarded by these diverse viewpoints.
